

I have always maintained my convictions on the matter of

I am writing this letter as an applicant for the 2022 Summer Internship in Software Engineering at Nasdaq.

I have industry experience in maintaining large databases (in MySQL, Redis, Aerospike etc.), in building systems using Java and Python and I completed my bachelor's project in distributed systems using Golang. I received a 110/120 in TOEFL iBT. I am currently enrolled in Master's in Computer Science Program at Uppsala University.

Thank you for considering my application,

*Prasanth Thomas Shaji*
